### Keep Your Money at Home.

We have received a letter from the Southern Life & Trust Company, in which they say:

"State in your advertisements that it is the policy of the company to return to Newberry for loans or investments the net premiums which the company receives from that locality. You might say that the company has done more than this and hopes to continue to do more than this."

INSURANCE DEPARTMENT, STATE OF SOUTH CAROLINA.

Columbia, March 10th, 1909.

Mr. W. A. McSwain, Newberry, S. C.

Dear Sir:

I should say that the Southern Life & Trust Co., of Greensboro, was WORTHY OF CONFIDENCE. By the annual statement for the year ending 1908, now before me, it shows total assets of about \$675,000.00 and surplus to policy holders of capital \$300,000.00 and surplus of \$130,152.00.

Yours very truly,

(Signed) F. H. McMASTER,

### Your Idle Money Will Earn

**4 % Interest**  
**If Deposited in This Bank.**

If you would be the most successful, you should make your money work too. It is a common saying that "money not earning interest is losing money."

Set aside what money you will not need in your business at this time and deposit it with this Bank, in our **SAVINGS DEPARTMENT.**

It will be here when you do need it, and working for you in the meantime.

### The First Cough of the Season,

Even though not severe, has a tendency to irritate the sensitive membranes of the throat and delicate bronchial tubes. Coughs then come easy all winter, every time you take the slightest cold. Cure the first cough before it has a chance to set up an inflammation in the delicate capillary air tubes of the lungs. The best remedy is **QUICK RELIEF COUGH SYRUP.** It at once gets right at the seat of trouble and removes the cause. It is free from Morphine and is as safe for a child as for an adult. 25 cents at

### Figures Do Not Always Tell the Truth.

**PROBLEM**—If housekeeper No. 1 spends \$2.75 on a bill of groceries and housekeeper No. 2 spends \$2.50 at another store for same quantities, how much does housekeeper No. 2 save?

**ANSWER**—There is not necessarily a saving at all. Housekeeper No. 1 may be ahead, probably is. My grocery argument deals with REAL economy, real savings, not imaginary. If you will do some trading here, I will make an effort to show you the wisdom of considering qualities as well as prices.
